Note.—A detailed list showing the actual quantities, in each class, that will be offered for sale will be given to each bidder before the commencement of the sale.

1. The wood will be classified according to the classes shown above. Intending purchasers are advised to inspect in advance, the lots put up for sale, but they must accept the classification made in the draft as final.

2. The various classes have been shown in the wood-land plan in lots of 10, 15 and 20 acres for measurement, but the area to be sold will be approximately as shown in the plan, for which lots will be accepted. Part lots of wood will be offered for sale separately in lots of 5 or 10 acres or less if convenient, with lots newly cleared of a certain quantity of the class of wood then being sold. Sale will be per lot of each class of wood.

3. The bids shall be advanced in multiples of Rs. 5 per acre and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Indian notes for Rs. 1,000 or Rs. 500. A receipted Government treasury cheque for the amount will also be accepted. In the case of intending bidders who have previously bought wood-land from the Forest Department, a cheque on the Imperial Bank of India for the amount will be accepted, but the bidder to accept such cheques must comply with the order enclosing the sale. This earnest money deposit will be returned as security for the due fulfilment of the conditions 6 and 10 above.

6. If two or more persons in partnership attend the sale with the intention of purchasing wood-land, only one name of the partnership will be received for purpose of bidding and the deposit will be accepted in his name.

7. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the third instalment of the purchase price.

8. Each purchaser shall, immediately a lot is knocked down to him, sign his name on the list of the lots sold, in the column provided for the purpose,

and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale before.

9. Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. The sale will be 35 per cent of the amount due on the day of the sale, and the balance of 65 per cent will be paid by the 15th January 1913, the balance of 50 per cent less the earnest money deposit referred to in condition 5 above, being paid by or before the 15th March 1913 on demand, whichever is earlier. Should any purchaser fail to make the necessary remittance by the due date the money already received will lapse to Government and the District Forest Officer will be at liberty to resell the land in question at the risk of the purchaser who shall be held by any law, but shall not participate in any profit which may arise by the resale. The District Forest Officer will also be at liberty to accept instalments of 50 per cent per annum on advance instalments. In calculating interest any arrears period of 10 days shall be treated as half a month and any period in excess of 10 days but below one month as a month.

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest Department, delivery of the wood-land will be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unsold, but part lot.

The delivery will be by full lots at a time and so lot will be delivered by parties.

11. On the purchaser's presenting cheques as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood-land will be assigned to him or his agent's persons and the quantity handed over to him as provided for in condition 10 above. If, however, proof is produced that the entire sale value has been paid, the whole wood-land purchased will be released to him. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 15th March 1913.

Should any person owe the quantity paid for be found in the quantity purchased when working at the time of delivery, the excess will be sold for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and defect in the other, when working at the time of delivery as a particular day, the value of the defect noticed calculated on the rate at which the sale lot or class was sold will be added towards the value of the excess class to be delivered in the other lot or class on the day next to, and in balance, if any, will be due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of defects over the reserved quantity at the time of sale, the value of the deficit quantity at the purchase rate will be refunded in due season.

12. The accepted bidder, when settling their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person is desired. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with full specimen signature of the agent. WHEREAS it is expedient further to amend the Madras District Municipalities Act, 1920, for the purpose hereinafter appearing;

[117]

Madras Act
V of 1942.

15 Dec. 4,
Ch. 7.

NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

Short title. 1. This Act may be called the Madras District Municipalities (Fourth Amendment) Act, 1920.

Amendment of section 84, Madras Act V of 1920. 2. (1) In sub-section (1) of section 84 of the Madras District Municipalities Act, 1920 (hereinafter referred to as the said Act)—

(a) in the proviso, after the word "Provided" the word "further" shall be inserted; and

(b) before the proviso, the following proviso shall be inserted, namely:—

"Provided that when any class of property tax is levied on lands used exclusively for agricultural purposes on their annual value as calculated in accordance with the provisions of section 70 of the Madras Local Boards Act, 1920, the rate of such tax may be higher than the rate of the same class of property tax on buildings;"

(2) The amendments made by sub-section (1) shall be deemed to have taken effect from the commencement of the Madras District Municipalities (Amendment) Act, 1920.

Saving.

3. Nothing contained in this Act shall be deemed to invalidate any decree or order passed by a Civil Court before the commencement of this Act which has become final.

STATEMENT OF OBJECTS AND REASONS.

Under section 84 (1) of the Madras District Municipalities Act, 1920, the rate of any class of property tax on lands, when levied on their annual value, may be lower than the rate of the same class of property tax on buildings. The annual value of lands and buildings is ordinarily the gross annual rent at which they may reasonably be expected to let from month to month or from year to year, less a deduction in the case of buildings of 10 per cent.—section 82 (2). Section 82 (5) of the Act however provides for the adoption by municipal councils of an alternative basis for the calculation of the annual value in the case of lands used exclusively for agricultural purposes, viz., annual value as calculated in

accordance with the provisions of section 19 of the Madras Local Boards Act, 1930. The annual value being usually much less than the gross annual rent of the lands, municipal councils which have adopted the same have, in many cases, been levying the property tax on such lands at a higher percentage than that at which the tax is levied on buildings. In other words, they have proceeded upon the view that section 24 (1) applies only to the case where the annual value of both lands and buildings is calculated on the same basis, viz., their annual letting value. This however is not in strict accord with the provisions of that section. It is therefore proposed to amend it, with retrospective effect from the date on which it came into force in its present form, so as to enable municipal councils to levy the property tax on lands in such cases at a rate higher than that at which property tax is levied by them on buildings. It has been made clear that no decree or order will be affected, which becomes final before the Bill comes into operation.

NOTIFICATION.

The following Statement of the reasons which have moved His Excellency the Governor to enact the Madras City Municipal and District Municipalities (Amendment) Act, 1962, in exercise of the powers of the Provincial Legislature

assumed by him under the Proclamation issued under section 93 of the Government of India Act, 1935, is published for general information :—

STATEMENT.

Section 178 (2) of the Madras City Municipal Act, 1919 (Madras Act IV of 1919) and section 189 (2) of the Madras District Municipalities Act, 1920 (Madras Act V of 1920) empower the municipal executive authority to direct the owner of a building to construct at his expense a drain leading from the building to the public drain or outfall provided for the discharge of drainage. Action under these sections can however be taken only when there is a public drain or outfall already in existence and not in anticipation of the provision of such drain or outfall. It is considered necessary that the municipal executive authority should have power to require owners of buildings to construct house drains not only where a public drain or outfall has actually been provided but also in cases where one is about to be provided or is in the process of construction. A Bill amending the two Acts for this purpose was published for criticism. After considering the objections and suggestions received, His Excellency the Governor has enacted the Madras City Municipal and District Municipalities (Amendment) Act, 1942.
